Wednesday morning works for me. Will you please poll the committee to ascertain what might work best for all of them? I realize the announcement will have gone out Tuesday evening, but I would like our team to have a chance to discuss where we are and how we help the president and Brown following the announcement.

Thanks for all you do for Brown and for the group.

Hi Kevin,

The president is planning a communication to the Brown shortly following her meeting with the track group. We think waiting until Wednesday morning will be too late. Cass Clatt is working on that communication, and we plan to share an advance copy with the entire committee tomorrow afternoon. Also, I'm happy to organize a call Wednesday morning to discuss next steps in what I hope is a more positive and productive environment. Let me know if this will work for you and the committee.

Thanks,
Marguerite

As leader of this committee, I feel obligated that they know what is going to be communicated following the corporation meeting tomorrow at 5:00. I realize there is a call with the track group at 7:00, so nothing may be

possible. Do you know if the president is going to issue a statement prior to talking with the track group? Is she going to wait until Wednesday morning? I would like to organize a group call, even though I recognize that there is backchannel communication with certain members.

Please let me know your thoughts.

Understood. You should receive a meeting invite shortly from Tim Springfield. I provided him with your gmail address.

Okay. I just really need to be kept abreast of this very fast moving issue. Especially since I think i know where it is headed. But as for participation, please only invite me to the Zoom with the team.

Hi Kevin,

The meeting with the Corporation is set for tomorrow at 5:00 p.m. As you saw from my email on a separate thread, the meeting with the Track & Field team will be later that evening at 7:00 p.m. We are planning another communication to the Brown community that evening and will share an advance copy of this communication with the committee.

I will write to the committee later today with an overview of this plan.

Thanks,
Marguerite

Kevin,

Thanks for writing. I will provide you with the list of meetings by 10:00 a.m. today. And I will ask my colleague to work on scheduling another meeting of the Committee.

Best,

Marguerite

...will be difficult and crazy, I know. I do not want to bother Chris with this request, but I would like a list of "events" this week regarding our decision on sports.

I think the corporation meets Tuesday? I have heard through the grapevine that Chris is meeting with the men's Track and Field team also Tuesday? What else is on the week's activities?

Lastly, and given the possibility of now reinstatement of the men's T&F program, I really think we need to get the committee together (Wednesday morning?) so we are not caught flat-footed by any further announcements this week.

Best regards, Kevin
