you know, we can sail in as many as eight regattas a 2 compete. 3 weekend if we wanted to. Q. So the regattas only happen on the So how do you select which regattas to 4 weekends? 5 sail in which weekends? Yeah. Except for the nationals. The Α. A. Yeah. So it's a draft system. It's based nationals -- our spring national championship is 6 on how strong your team is based on the previous 7 over a two-week period straight, and some of the fall. So, for example, our schedule for this year, fall nationals are Friday, Saturday, Sunday. 8 if it were to happen, was picked based on how we 9 Everything else is weekend stuff. performed in the fall of 2019. Okay. And then we 10 So how many different competition weekends Ο. selected our schedule via draft system in December are there in a typical season? 11 usually after that fall. That's how that works. 12 Α. Yeah. So you're allowed to do 18 13 competition weekends. That's a college sailing So every time you go and compete in a 14 rule. For us, you know on average, we're doing nine regatta, if it's a really strong event and you do 15 in the fall, nine in the spring. And you have to manage it as your team. Some teams might do ten one well, your performance ranking improves within 16 your -- that's how we do it in New England. Some teams might do an England, a certain number of the events count in the 20 organized practice in May before nationals, and that fall, and in the end, whoever has the -- you know, 21 counts, so you have to kind of manage, you know, the best performance ranking number gets the first 22 your weekends. pick in the draft, and then, you know, the second 23 Any time you're doing something with 0. team gets the second pick and there's a -- you know, 24 another team, that counts as a competition weekend? it's not always 1 through infinity on the picks. It 25 Α. On a weekend. Not during the week. So Page 43 Page 45 varies. The first round could be the top four teams you can practice -- you know, we can have -- let's 1 and the second round it's 1 through 8. So in the 2 just say we're hosting a big regatta at Brown, and end, the best teams get the best pick. Okay? 3 Stanford's in town from California and they fly in Friday morning. They could practice with us that VIDEOGRAPHER: Ms. Bullock, this is the 4 5 Friday before that regatta. 6 MR. CRAIG: Ms. Bullock, I'm not trying to MS. There's A level, which I would say, Α. 21 Sometimes we could be in six or seven. We've been 21 again, we call it the varsity-level event. It's in as many as eight over the years. Sometimes we're 22 22 pretty much all varsity teams there. It's all the in two. But I would say we probably average around best teams. You have a coed event, which usually there's 10 club-level sailors to something like a C-level one of each. That's sort of the A level, varsity 11 event. 11 12 level, whatever you want to call it. And then you 12 If you're sending -- if you're attending, Q. 13 could have a keelboat event, which is in a totally 13 you know, on average four regattas in a weekend, 14 different kind of boat, or you could have a team 14 which one do you go to? 15 15 racing event, which is three on three. Do you remember sending this email back 4 Q. And you kind of already alluded to this, 4 and forth with Jack Hayes? 5 5 but will there be separate practices for the club А. Yes. 6 team? 6 0. And he asked you what the ideal roster 7 I'd say that that's TBD. Not sure yet. 7 size would be, correct? Do you see that there? Α. 8 Haven't gotten that far. There could be. Could be 8 Yeah. Α. 9 different times that they come down. 9 0. And you told him that the ideal roster 10 Could they also be permitted to practice 10 size would be 12 males and 18 females, correct? Q. А. Yeah, at the time. Sure. 11 with the varsity team? 11 12 Α. Yeah. They -- yeah, I mean, they could. 12 What do you mean by "at the time"? 0. Or we have two fleets of 18 boats. They could be, 13 Yeah. I mean, you know, he asked me, you 13 Α. you know, using the other kind of boats and doing know, kind of what I thought. I looked at what the 14 14 15 15 their own thing or they could be part of our other Ivy League teams had for rosters. It was somewhat similar. Some had more females. Some had 16 practice. I think it would depend. 16 17 Ο. If they're not practicing with you, who 17 more males. You know, this was roughly a pretty would coach their practices? 18 18 good number. And then, you know, once we were 19 Α. Probably my assistant coach, Mike. Or 19 elevated -- this was all pre-varsity elevation. You 20 myself. 20 know, he said, "We're going to have to have a 21 Will the student-athletes on the club team 21 25-to-1 ratio," and, you know, that's the number Q. 22 have access to the benefits that you mentioned 22 we've been given, and, you know, it's not going to 23 earlier for the varsity team? 23 be a problem in terms of females. I don't know if 24 24 we'll hit 25, but if we don't, then we're going to А. No. have a lot less males. We won't have 10 males. 25 0. When do you plan on making the 25 Page 91 Page 93 determination of which students will be on the So that's where, you know, for me it's 1 1 going to be really hard. I'm going to have to cut 2 varsity team versus the club team? 2 3 Our roster will be finalized once we're 3 some males that I wish would make the team. Every Α. able to have a tryout, so I don't know. I mean, female that I have is fully qualified to be a 4 4 5 again, there's so much -- so much craziness going on 5 varsity athlete, and a lot of the males I have are 6 with the pandemic and what's happening with school too, so I'm going to have some tough decisions to 6 7 7 announcements and everything that it's very, very make once we get going. 8 difficult to finalize a roster right now. There are 8 Our women's team, I think last year we had 9 some schools and some sports programs where half 9 21 females. We have a very large freshman class 10 their kids on a roster are taking the year off. So 10 coming in this year, and with a lot of females. And we're figuring out who's coming back, who's not. 11 11 then we're going to be continuing to add more -- a 12 There's a lot. There's a lot of stuff 12 lot more females because -- especially because we're 13 that's changing. It's very fluid, and our roster 13 a varsity team now. 14 won't be finalized until they tell us it has to be, 14 So, you know, we might be able to have --15 and we're hoping to have a two-week tryout period. 15 obviously, we'll be able to have more than the 18 16 I'm going to mark as Exhibit 2, this is that I put, but, I mean, whatever numbers we're Q. 16 17 Bates 26428 through 26431. Can you see this email, 17 given, we can make them work, so we'll be in 18 Mr. Mollicone? 18 proportion to, you know, the proportions that are 19 19 given to us. A. Yes. Yeah. 20 MR. 25	Q. Did you send this to every member of your	25	program's fundraising each year?

14	that I do is with the whole team.	14	put donors' names in our newsletters and stuff.
15	Q. Okay.	15	Q. And you said a family gave. Who is that?
16	A. So there could be phone calls. There	16	A. Many, many families. Alumni, parents.
17	could be text messages, emails.	17	Q. You said specifically when you opened the

	3	clarification, when was that ceremony?
	4	A. 2018. May.
	5	Q. And who is the Barry family?
	6	A. The Barry family, John and Daria Barry,
	7	two of their children sailed at Brown for me.
	8	Q. Do you remember how long ago?
	9	A. Yeah. Their daughter Elizabeth graduated
	10	in 2011, and their son James graduated in 2016.
	11	Q. When you did that ceremony and you
	12	recognized the donors, do you recognize how much
	13	they gave, either dollar amount or like by level of
	14	donation?
	15	A. No, not that I remember. I don't think
	16	and, you know, the head of the sports foundation at
	17	Brown, the executive director, Kim Insalaco, she was
	18	there as well to thank those donors, and I don't
