

In Re: Atrium Medical Corp. C-Qur Mesh Products Liability Litigation (MDL No. 2753)

David Selby, II, serves on the Plaintiffs' Executive Committee for the Atrium Medical Corp. C-Qur Mesh Products Liability Litigation (MDL No. 2753). This MDL consolidates federal lawsuits from all across the country against Atrium Medical Corporation. The lawsuits allege that the C-Qur Mesh manufactured by Atrium is made of polypropylene with an outer coating derived from fish oil. The lawsuits claim the fish oil coating on C-Qur mesh produces an allergic or inflammatory reaction that has caused serious injuries, including, organ perforations and bowel obstructions.
